

John R. Evans Leaders Fund

Nova Scotia

The Canada Foundation for Innovation (CFI) Board of Directors approved a contribution of \$1,330,759 to support 8 infrastructure projects in the province.

Project Title	Maximum CFI Contribution
---------------	--------------------------

Acadia University

Tick Chemosensory System Station	\$251,030
1 project	\$251,030

Dalhousie University

Development of Next Generation Degradable Polymers for Regulation of Implant Associated Inflammation	\$125,000
Quantifying the Energetic Impact of Environmental Variability to Large Whales	\$125,000
Dissecting Human Disease with Single-cell (multi)-Omics Measurements	\$234,931
3 projects	\$484,931

NSCAD University

Community Mobile Media Lab (CMML)	\$75,000
1 project	\$75,000

Saint Mary's University

Symbiotic Nitrogen Fixation in Legume Plants	\$213,515
Research Infrastructure for Large-scale 3D Geometry Acquisition and Modeling	\$81,188
2 projects	\$294,703

St. Francis Xavier University

Neurovascular Research Infrastructure for Improving Brain Health	\$69,859
1 project	\$69,859

NOTE:

As part of this announcement, an additional \$399,228 was awarded under the Infrastructure Operating Fund (IOF), a mechanism that assists institutions with the incremental operating and maintenance costs associated with the new infrastructure.
