

## Attestation for Research Advancing Sensitive Technology Research Areas

When you are applying for funding, complete a STRAC attestation form directly in the CFI Awards Management System.

## Only use this version of the STRAC attestation form to submit an update after a project is funded. Do so by:

- Completing this form and saving it as a read-only PDF
- Saving a copy of the completed form for your records
- Sending your completed form to the institutional administrator responsible for the project at the applicant institution. They are responsible for submitting the PDF to the Canada Foundation for Innovation (CFI).

Last name of researcher         First name of researcher         Primary affiliation of researcher           Public profile link of researcher (optional) – for the purpose of identification         Any public profile can be provided, including but not limited to: ORCID, Google Scholar, ResearchGate, LinkedIn, or a personal or institutional webpage.           Part 2 - ATTESTATION         As of the date of this attestation, I [researcher named in Part 1] attest that I have read and understood the Policy on Sensitive Technology Research and Affiliations of Concerns (STRAC) and the associated CFI guidance.           I understand that proposals that support research that aims to advance a sensitive technology research area will not be funded if any of the project/team leaders or team members are currently affiliated with, or in receipt of funding or in-kind support from, any of the Government of Canada's Named Research Organizations.           I, [researcher named in Part 1], understand that:         1. This attestation form is required because the applicant institution has certified that the research supported by this proposal aims to advance a listed <u>sensitive technology research area</u> .           2. By completing this form, I take responsibility for the accuracy of my attestation statement.         3. All information provided in this form will be stored securely following the Privacy Act and may be shared with Government of Canada's Named Research Organizations until the final financial report for, any of the Government of Canada's Named Research Organizations until the final financial report for the project is submitted to the CFI.           3. Attestation statement					
As of the date of attestation on this form and to the best of my knowledge, I, [researcher named in Part 1], attest that by checking this box, I am not affiliated with or in receipt of funding or in-kind support from any of the Named Research					
Organizations. I also understand that I must refrain from becoming so until the submission of the final financial report.					
Signature Date
