

Newfoundland & Labrador

The Canada Foundation for Innovation (CFI) Board of Directors approved a contribution of \$1,136,776 to support 6 infrastructure projects in the province.

Project Title	Maximum CFI Contribution
----------------------	---------------------------------

Memorial University of Newfoundland

Next-Generation Multispectral Sensing Station for Real-Time Sea Ice Monitoring in Coastal Newfoundland and Labrador	\$238,048
Toward Ubiquitous 6G Connectivity: A Software-defined Testbed for Space-air-ground Integrated Networks	\$75,001
Fully Self-shielded Dual-energy X-ray Absorptiometry (DXA) System for Body Composition Assessment in Small Animals	\$121,477
Electrophysiology and Optogenetics Platform Development for Integrated Neuroscience	\$199,043
Mobile Field Laboratory to Support Accessible Research Informing Climate Change, Mitigation and Energy Transition	\$81,464
Sustainable Agro-Biogeochemistry Facility (SABF)	\$421,743
6 projects	\$1,136,776

NOTE:

As part of this announcement, an additional \$341,033 was awarded under the Infrastructure Operating Fund (IOF), a mechanism that assists institutions with the incremental operating and maintenance costs associated with the new infrastructure.
