www.erudit.org

- www.erudit.org platform for over 150 Canadian scholarly journals in the Humanities and Social Sciences (and growing).

- Close partnership with Public Knowledge Project (PKP) : ~250 scholarly journals using PKP's software Open Journals System across the country

- Giving researchers access to the publishing and access data

Fac~~ility~~

Digital Platform and tools → Canadian Publishing and Research Ecosystem

Governance

- Singularity of each MSI ecosystem
- need for a dynamic approach in order to stimulate innovation

Flexibility and diversity needed in the governance and planning

Strategic Planning

- Stronger alignment with national strategies (i.e Canada's Digital Research Infrastructure)

- Create a more integrated system with greater coordination between the actors.

- Look out for non standard actors

Merci!
